Dear Medical Director, Preauthorization Department:

I am writing to request coverage for the diagnostic test that my gastroenterologist, Dr. Ulysses Grant at Sunnyvale Community Hospital in San Diego, CA ordered: PROMETHEUS® Serum Infliximab/HACA Measurement. My doctor and I feel that this test is a medically necessary step and we would like to use the PROMETHEUS® Serum Infliximab/HACA Measurement test to assist with therapeutic decisions.

*(List information relevant to your symptoms and treatment)*

**TEST DESCRIPTION**

Serum infliximab concentrations may vary among equally dosed patients. PROMETHEUS® Serum Infliximab/HACA Measurement can aid physicians in determining the dose of infliximab and guide infusion intervals. The HACA portion of the test detects Human Anti-Chimeric Antibodies (antibodies against infliximab). Patients that develop HACA may experience infusion reactions and/or a reduced duration of efficacy of infliximab.

PROMETHEUS® Serum Infliximab/HACA Measurement is offered only at Prometheus Laboratories Inc., a clinical reference laboratory in San Diego, California. Prometheus is CLIA certified and CAP accredited. All laboratory tests have been validated in accordance with the guidelines established by these and other applicable agencies. Currently, Food and Drug Administration (FDA) approval is not required for testing performed by Prometheus.

**NETWORK PROVIDER SERVICES**

I chose Prometheus to perform PROMETHEUS® Serum Infliximab/HACA Measurement instead of alternative in-network laboratory testing because of the information provided on their comprehensive report. There is no in-network laboratory in my area willing to refer the test or able to provide comparable testing.

**LABORATORY AND PHYSICIAN INFORMATION**

For additional information about PROMETHEUS® Serum Infliximab/HACA Measurement contact Prometheus Laboratories Inc. at 1-888-423-5227. If you require additional medical information, please contact Dr. Grant at XXX-XXX-XXXX.

Please approve full coverage for PROMETHEUS® Serum Infliximab/HACA Measurement or at least apply in-network benefit coverage for this test.

Thank you for your prompt attention. I look forward to receiving a written response from you within two weeks.

Sincerely,
